

UNITED STATES PROBATION OFFICE  
SOUTHERN DISTRICT OF OHIO

STUDENT INTERNSHIP PROGRAM

**PROGRAM**

The United States Probation Office for the Southern District of Ohio is offering a student internship Program, commensurate with the availability of resources. The program is being offered to undergraduate and graduate students in the fields of Corrections, Criminal Justice, and other fields of Social Science who are interested in a career in corrections and criminal justice. Student interns will work directly with United States Probation Officers and will receive training in various job functions associated with a career in corrections. This will include field work, supervision, investigation, counseling; and areas of specialization, such as substance abuse and mental health treatment and presentence report writing. The student will also become familiar with social service programs that service the offender population; and many federal, state and local law enforcement agencies.

While the program is set in the federal system, it will provide a rare opportunity for the student to participate in a number of experiences that permeate the work environments of the fields of Corrections and Criminal Justice in general.

**LOCATIONS**
